# > International Symposium on GI Tumors:

## Are we making progress in **Gastrointestinal Malignancies?**

### > **Honorary President**

V. Georgoulas (GR)

### > **Symposium Chairs**

I. Boukovinas (GR)

J. Souglakos (GR)

R. Glynne Jones (UK)

S. Yalcin (Turkey)

### > **Organizing Committee**

M. Trichas (GR)

N. Kentepozidis (GR)

E. Xynos (GR)

R. Geva (Israel)

D. Tarabar (Serbia)

### > **International Scientific Committee**

1. H. Abali (Turkey)

2. J. Foncillas (Spain)

3. F. Loupakis (Italy)

4. D. Papamichael (Cyprus)

5. G. Plataniotis (UK)

6. V. Todorovic (Montenegro)

7. C. Toumpanakis (UK)

### > **Local Scientific Committee**

1. I. Athanasiadis (GR)

2. A. Batistatou (GR)

3. E. Chartabilas (GR)

4. C. Dervenis (GR)

5. N. Gouvas (GR)

6. G. Kaltsas (GR)

7. A. Karampeazis (UK, GR)

8. A. Koumariou (GR)

9. T. Makatsoris (GR)

10. G. Penteroudakis (GR)

11. A. Pintzas (GR)

12. Z. Saridaki (GR)

13. G. Sotiropoulos (GR)

14. D. Theodorou (GR)

15. C. Triantopoulou (GR)

16. A. Voutsina (GR)

17. E. Patsea (GR)

18. M. Tzardi (GR)

# > International Symposium on GI Tumors:

## TIMETABLE

### THURSDAY 31/03/2016

- 15.30-17.00 **Round Table: AROME CANCER**  
**Introduction:** AROME concept and mission  
**Hepatocarcinoma:** multidisciplinary management and opportunities
- 
1. Biology and epidemiology
  2. Interventional radiology and chemo-embolisation
  3. Radiotherapy and innovative techniques (SBRT)
  4. Surgery and transplantation
- 17.00-17.20 Medical Management of HCC - **TBA**
- 17.20-17.30 **Break**
- 17.30-19.30 **Round table Advanced Gastric Cancer**
1. Molecular classification of gastric cancer and its future therapeutic implications  
**G. Pentheroudakis**
  2. Efficacy versus toxicity: two or three drug regimens in advanced HER2-gastric and gastroesophageal cancers and for whom in the neoadjuvant and first line?"  
**S. E. Al-Batran**
  3. Where are we heading to in the treatment of HER2+ gastric cancer?  
**H. Abali**
  4. Evolving role of Anti-VEGF/VEGFR directed therapy for advanced gastric and gastroesophageal cancer?  
**S. Yalcin**
  5. Lessons learnt from the losers (anti EGFR, Met inhibitors etc)  
**M. Peeters**
- 19.30-20.30 **Lecture:** Stemness and carcinogenesis in the intestinal epithelium  
**P. Hatzis**
- Lecture:** A holo'ome approach in colorectal cancer  
**Y. Apidianakis**
- Lecture:** Immunological therapies in GI cancer; fact or fiction?  
**R. Geva**
- 20.30- 21.00 **A.R.C.A.D: Mariella de Bausset**

## Are we making progress in **Gastrointestinal Malignancies?**

### FRIDAY 01/04/2016

- 09:00-10:00 **Lecture:** Criteria beyond RECIST: Choi, mRECIST, EASL-AASLD, PERCIST  
**E. Chartampilas**
- Lecture:** ETS, DoR, ... new players in the daily clinical practice?  
**H. Piessevaux**
- 10:00-12:30 **Round table Pancreas**
1. Pancreatic cancer resectability: current guidelines and consensus statements.  
**C. Agalianos**
  2. Preoperative imaging workup and radiologic pathologic correlation.  
**C. Triantopoulou**
  3. Treatment options and the added value of chemotherapy.  
**J.Y. Douillard**
  4. Surgical challenges-vascular reconstructions. What is next?  
**M. Bockhorn**
  5. Histopathologic assessment of the resected specimen after treatment.  
**K. Papaparaskeva**
- 12:30-13:00 Break
- 13:00-14:30 **Round table GEP-NETs**
1. Novel biomarkers  
**C. Toumpanakis**
  2. Novel imaging studies  
**TBA**
  3. Diagnostic and management algorithms  
**K. Oberg**
- 14:30-16:00 **Lunch Break**
- 16:00-17:30 **Round table- Rectal Cancer Mismanagement and Furthe**
1. Inappropriate Pre-Operative Staging- Pitfalls  
**E. Chryssou**
  2. Inadequate Neo-Adjuvant Treatment  
**L. Vini**

# > International Symposium on GI Tumors:

3. Prognostic-Predictive Factors of Response to Neo- Adjuvant Treatment

**R. Glynne-Jones**

4. Sub-Optimal Surgery - the Surgeon, the Approach, the Technique

**N. Gouvas**

5. Moving Further: What Next

**G. Stanojevic**

17:30-18:00 **Break**

18:00-19:00 **Debate: Rectal Cancer**

This House Believes that Adjuvant Chemotherapy After TME Is Not of Any Benefit

Pros: **D. Papamichael**

Cons: **R. Glynne-Jones**

19:00-20:00 **Debate: Metastatic Colo-Rectal Cancer**

This House Believes that Liver Targeted Therapies Are Ready for the Prime Time In the treatment of Liver Only unresectable metastatic colorectal cancer

Pro: **H. Wasam, TBC**

Cons: **T. Makatsoris**

20:00 'Αν αυτό είναι ο άνθρωπος ...' **A. Τριαρίδης**  
"If this is a man": **T. Triaridis**

## SATURDAY 02/04/2016

9:00-10:30 **Lecture:** Colorectal cancer in young individuals: what really matters

**E. Saloustros**

**Lecture:** Role of circulating biomarkers for prognosis, prediction of response, and monitoring of minimal residual disease in colon cancer

**A. Voutsina**

**Lecture:** TBA

**Lecture:** "Challenges and solutions in translational research in colon cancer from a European and a Global perspective"

**S. Tejpar**

10:30-12:00 **Round table: operable colon cancer**

1. Preoperative Image Staging

**S. Gourtsoyianni**

## Are we making progress in Gastrointestinal Malignancies?

2. Impact of Complete Mesocolic Excision in Oncological Outcomes

**E. Xynos**

3. Management of the Obstructing Lesion

**Z. Krivocapic**

4. IDEA adjuvant trial, a step closer to better treatment

**J. Souglakos**

12:00-13:00 Lecture: new target-novel approaches in mCRC

**J. G. Focillias**

Clinical decision making in mCRC

**C.-H. Köhne - TBC**

13:00-14:00 **Local treatment of metastatic Colon cancer**

1. Portal vein embolization, two-stage hepatectomy and the ALPPS procedure for marginally resectable hepatic tumors

**A. Paul**

2. Laparoscopic hepatectomy for primary and secondary liver malignancies

**R. Troisi**

3. Laparoscopic hepatectomy for primary and secondary malignancies - The Greek Experience

**G. Sotiropoulos**

14:00-16:30 **Lunch Break**

16:30-18:30 **Round table: Sponsored Lectures**  
**TBA**

18:30-20:00 Interactive case presentation  
Pancreas (15 min) **C. Agalianos**  
NET (15min) **A. Koumariou**  
Rectal (30min) **N. Gouvas-D. Lytras**  
Colon (30min) **N. Kentepozidis**

20:00 Closing Ceremony

## SUNDAY 03/04/2016

10.00-13.00 Educational seminar for radiation oncologists
